**COPY OF PAPERS
ORIGINALLY FILED**

**AMENDMENT AND RESPONSE TO NOTICE
TO FILE CORRECTED APPLICATION PAPERS**

Dear Sir:

Responsive to the Office Action mailed March 21, 2002 please make the following changes and amendments:

IN THE DRAWINGS

Applicants filed informal drawings. These were first objected to as being outside permissible margins in a January 11, 2002 notice. On January 23, 2002, Applicants submitted amended drawings which had been reformatted to conform to one inch margins per 37 C.F.R. § 1.84. No new matter was added.

On March 21, 2002 the Patent Office issued a second, corrected notice to file corrected application papers. The January 11, 2002 notice was withdrawn. In the new notice, the Patent Office objected to the drawings as it alleged that more than one figure was present but each figure was not labeled “Fig.” with a consecutive Arabic numeral.

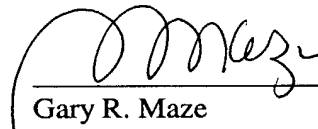

Application respectfully traverses. On January 23, 2002 Applicant submitted nine (9) figures, each consecutively labeled. A true and correct copy of those drawings is attached hereto for the convenience of the Patent Office.

Fig. 2 may appear to the Patent Office to be two or more figures (this is conjecture on the part of Applicant), but it is one figure and is properly labeled. All other figures are properly labeled as well.

Applicant therefore respectfully requests rescission of the Notice to File Corrected Application Papers.

Respectfully submitted,

April 12, 2002
